

Marion Recovery Clinic LLC

Agreement for Our Medically Assisted Treatment Program

Yes	No	I understand that buprenorphine/naloxone is a medication to treat opiate addiction (for example: heroin, prescription opiates such as oxycodone, hydrocodone, methadone). Buprenorphine/naloxone contains the opiate narcotic analgesic medication, buprenorphine, and the opiate antagonist drug, naloxone, in a 4 to1 (buprenorphine to naloxone) ratio. The naloxone is present in the tablet to prevent diversion to injected abuse of this medication. Injection of buprenorphine/naloxone by a person who is addicted to opiates will produce severe opiate withdrawal.
Yes	No	1. I agree to keep appointments and let staff know if I will be unable to show up as scheduled.
Yes	No	2. I agree to report my history and my symptoms honestly to my physician, nurses, and counselors involved in my care. I also agree to inform staff of all other physicians and dentists who I am seeing; of all prescription and non-prescription drugs I am taking; of any alcohol or street drugs I have recently been using; and whether I have become pregnant or have developed hepatitis.
Yes	No	3. I agree to cooperate with witnessed urine drug testing whenever requested by medical staff, to confirm if I have been using any alcohol, prescription drugs, or street drugs.
Yes	No	4. I have been informed that buprenorphine is a narcotic analgesic, and thus it can produce a 'high'; I know that taking buprenorphine/naloxone regularly can lead to physical dependence and addiction, and that if I were to abruptly stop taking buprenorphine/naloxone after a period of regular use, I could experience symptoms of opiate withdrawal. I also understand that combining buprenorphine/naloxone with benzodiazepine (sedative or tranquilizer) medications (including but not limited to Valium, Klonopin, Ativan, Xanax, Librium, Serax) has been associated with severe adverse events and even death. I also understand that I should not drink alcohol with buprenorphine/naloxone since it could possibly interact with buprenorphine/naloxone to produce medical adverse events such as reduced breathing or impaired thinking. I agree not to use benzodiazepine medications or to drink alcohol while taking buprenorphine/naloxone and I understand that my doctor may end my treatment with buprenorphine if I violate this term of the treatment agreement.
Yes	No	5. I have been informed that buprenorphine/naloxone is to be placed under the tongue for it to dissolve and be absorbed, and that it should never be injected. I have been informed that injecting buprenorphine/naloxone after taking buprenorphine/naloxone or any other opiate regularly could lead to sudden and severe opiate withdrawal.
Yes	No	6. I have been informed that buprenorphine/naloxone is a powerful drug and that supplies of it must be protected from theft or unauthorized use, since persons who want to get high by using it or who want to sell it for profit, may be motivated to steal my take-home prescription supplies of buprenorphine/naloxone.
Yes	No	7. I have a means to store take-home prescription supplies of buprenorphine/naloxone safely, where it cannot be taken accidentally by children or pets, or stolen by unauthorized users. I agree that if my buprenorphine/naloxone pills are swallowed by anyone besides me, I will call 911 or Poison Control at 1-800-222-1222 immediately and I will take the person to the doctor or hospital for treatment.
Yes	No	8. I agree that if my doctor recommends that my home supplies of buprenorphine/naloxone should be kept in the care of a responsible member of my family or another third party. I will abide by such recommendations.
Yes	No	9. I will be careful with my take-home prescription supplies of buprenorphine/naloxone, and agree that I have been informed that if I report that my supplies have been lost or stolen, that my doctors will not be requested or expected to provide me with make-up supplies. This means that if I run out of my medication supplies it could result in my experiencing symptoms of opiate withdrawal. Also, I agree that if there has been a theft of my medications, I will report this to the police and will bring a copy of the police report to my next

Yes	No	10. I agree to to provide blood work testing for the HIV, Hepatitis B, and Hepatitis C.
Yes	No	11. I agree to take my Buprenorphine/naloxone as prescribed, to not skip doses, and that I will not adjust the dose without talking with my doctor about this so that changes in orders can be properly communicated by to my pharmacy
Yes	No	12. I agree that I will not drive a motor vehicle or use power tools or other dangerous machinery during my first days of taking Buprenorphine/naloxone, to make sure that I can tolerate taking it without becoming sleepy or clumsy as a side-effect of taking it
Yes	No	13. I agree that I will arrange transportation to and from the treatment facility during my first days of taking Buprenorphine/naloxone so that I do not have to drive myself to and from the clinic or hospital
Yes	No	14. I want to be in recovery from addiction to all drugs, and I have been informed that any active addiction to other drugs besides heroin and other opiates must be treated by counseling and other methods. I have been informed that buprenorphine, as found in Buprenorphine/naloxone, is a treatment designed to treat opiate dependence, not addiction to other classes of drugs.
Yes	No	15. I agree that medication management of addiction with buprenorphine, as found in Buprenorphine/naloxone, is only one part of the treatment of my addiction, and I agree to participate in a regular program of professional counseling while being treated with Buorenorphine/naloxone
Yes	No	16. I agree that professional counseling for addiction has the best results when patients also are open to support from peers who are also pursuing recovery
Yes	No	17. I agree to participate in a regular program of peer/self-help while being treated with Buprenorphine/naloxone
Yes	No	18. I agree that the support of loved ones is an important part of recovery, and I agree to invite significant persons in my life to participate in my treatment
Yes	No	19. I agree that a network of support, and communication among persons in that network, is an important part of my recovery. I will be asked for my authorization, to allow telephone, email, or face-to-face contact, as appropriate, between my treatment team, and outside parties, including physicians, therapists, probation and parole officers, and other parties, when the staff has decided that open communication about my case on my behalf is necessary
Yes	No	20. I agree that I will be open and honest with my counselors and inform staff about cravings, potential for relapse to the extent that I am aware of such, and specifically about any relapse which has occurred -- before a drug test result shows it
Yes	No	21. I have been given a copy of clinic procedures, including hours of operation, the clinic phone number, and responsibilities to me as a recipient of addiction treatment services, including buprenorphine treatment with Buprenorphine/naloxone.
